Dr Nazli Haffiz: A Biographical Summary

Dr Muhammad Nazli Haffiz Bin Ghazali, or Dr Nazli Haffiz as called by his clients, is a dental surgeon by training and has had experiences in both clinical and management in healthcare. Dr Nazli Haffiz created *Dr Nazli Haffiz & Associates* (<http://drnazlihaffiz.com>) in a vision to pursue his interests in efficient healthcare services management as well as further interest in community healthcare as a whole.

Vision for Healthcare

To develop a world class provider of oral healthcare, not limited to general and specialist practice but also to include current and future trends in aesthetic dentistry as well as embracing the highly profitable health tourism industry in Asia. The facility will be a base for both local and international clients, using the advantage of having a proper high technology oral health facility and the strategic location of central South-East Asia. Relying on the close proximity of world class hotels, tourism hotspots, multinational companies and trading centres, the oral health facility will benefit greatly by being a leader in providing oral healthcare. With the establishment of the oral health facility and a sufficient client base, the facility would be able to put a great foothold on the dental aspect of health tourism industry in Asia by providing service to clients and potentially as a continuous professional education institute and would follow the natural course of expansion besides providing aesthetic dental care and advanced oral healthcare such as breath clinics and oral implants.

Experience and Expertise

Dr Nazli Haffiz has worked with an established private hospital in Selangor to create a dental department which provides dental and oral healthcare to its clients. Besides that, he also has experience working with high-level healthcare management during his service in the Oral Health Division, Ministry of Health Malaysia.

Dr Nazli Haffiz has also worked for various dental practices such as Mont' Kiara Dental Specialist Clinic in Twin Towers Medical Centre KLCC gave him a valuable

experience to cultivate his interest and expertise in developing efficient and profitable healthcare practices. He has also developed partnerships with various members of the healthcare industry from manufacturers and suppliers to authoritative bodies.

Career

Dr Nazli Haffiz has experience in both public and private healthcare practice.

Dr Nazli Haffiz started his career in clinical dentistry in July 2005 under the Ministry of Health Malaysia. There, he was exposed to various departments and specialties namely Primary Care Dentistry, Orthodontics and Oral & Maxillofacial Surgery.

In August 2007, he was transferred to the Oral Health Division at the MOH headquarters situated in Putrajaya. He had the opportunity to work with various dental public health specialists in the administration and regulation of the practice of dentistry in both the Division and in the Malaysian Dental Council as well as getting involved with dental-related ICT projects such as the Oral Health Clinical Information System (OHCIS) and the APC-Online. Dr Nazli Haffiz was also entrusted to manage and develop the official webportals of the Division (<http://ohd.moh.gov.my>) and the Malaysian Dental Council (<http://mdc.moh.gov.my>). During his service in Putrajaya, Dr Nazli Haffiz also had the opportunity to do clinical work in Restorative Dentistry in Putrajaya Government Dental Clinic and Orthodontics in the Orthodontics Unit in Kajang Hospital.

His experience in private practice includes as an Associate Dental Surgeon in Mont' Kiara Dental Specialist Clinic (Twin Towers Medical Centre KLCC branch) and various other dental practices.

Education

Dr Nazli Haffiz is an old boy of Sekolah Dato' Abdul Razak in Seremban, a premier fully residential school, which he attended from 1994 to 1998. He was accepted into the Faculty of Dentistry, Universiti Kebangsaan Malaysia and graduated with a Doctor in Dental Surgery (DDS UKMalaysia) in 2005. He is currently pursuing his

Master's Degree in Public Health majoring in Oral Health in Universiti Malaya and slated to graduate in 2013. He has completed a Certificate in Professional Implant Training awarded by the Apsun Implant Research and Education Centre (AIC Korea) in early 2008.

Family

Dr Nazli Haffiz is happily married to a fellow dental surgeon and former classmate and they have a healthy and happy baby boy.
